Whale of a view!

Humpback goessees tourists, feet from boat!

RIGHT AT this moment here, that rubber dinghy must be feeling awfully flimsy and unstable to this gaggle of whale watchers stalking humpbacks off the Antarctic Peninsula, a few hundred miles south of Chile.

Whales can weigh up to 48 tonnes, so if a fluke (the name for a whale tail) hits a boat, it can be carnage. "He's only being friendly!" doesn't cut the mustard when you're paddling in icy water and your dinghy has become a groundsheet.

Harry Hill: new gags!

Fresh chortles from the baldy genius!

"I saw a bouncy castle the other day and I took my shoes off and added them to the pile outside, and I jumped on and it was a mosque. They didn't like that!"

"The word God backwards is dog. Jesus backwards? Susej. Sausage! Grrrr. Sausage/dog/sausage. You're telling me it's a coincidence? Of course there's a God, he's given us a sign. Forget *The Da Vinci Code*, it's not written on the back of the Mona Lisa. Sausage, dog, God, Jesus. God gave us his most precious thing – Jesus. You try getting a sausage off a dog. You don't get that with Richard Dawkins, do you? Dawkins backwards? Snikwad!"

"What's that green plant that the Irish consider lucky? Cannabis!"

Stephanie Beacham, Stephanie Powers. What is it about the name Stephanie that suggests that you want to go off and have a Beechams Powder?"

**"Tim Rice, Tim Curry.
What is it about the name Tim that suggests Indian food?"**

"My sister was born with one little tiny hand and one great big, fleshy hand. It wasn't a big problem until we came to teaching her how to tell the time. 'Where's the big hand?' 'I've got it stuck in the pouch behind the passenger seat again.' 'Where's the little hand?' 'I've got it stuck in a felt-tip pen lid!'"

"You love it when it goes wrong, don't you? It's like *You've Been Framed*. An old lady has fallen over and we can see her knickers. There's a kid on some roller-skates. Oh, he's fallen in the ditch. There's a kitten on a draining board. Oh, he's fallen in the swing bin. He's fine. See you after the break. Of course, there's more to it than that. Money for old rope. No, I never said that!"

"I donated a scanner to the local hospital. But it can also be used as a printer!"

"Some people go on about parrots. They don't like brightly coloured birds like the parrot or the peacock coming over here. They say they prefer the dowdy British birds like the sparrow. I say at least the parrots are bothering to learn the language. [Does impression of a parrot.] 'Hello, hello!' 'Hello, mate, come on in! You're most welcome.' Then there's the pigeon. [Does impression a pigeon] 'Ploo, plooo!' 'Sorry, mate. Can't understand what you're saying.' The crows have been here for centuries. [Does impression]. 'Cor! Cor!' 'Yeah, look at the prizes!'"

"If you liked it then you should have put a ring on it. Just one of Beyoncé's tips on keeping pigeons!"

"My nan was born with blue eyes but one has been red for about three months now. The upside is that she's able to watch 3D movies without the specs!"

"I went to the supermarket and bought some Mini Magnums. You can't buy them individually so I bought a pack of six. This bloke comes up and says, 'Can I buy one of those off you?' I said, 'I'd like to help out but as you can see from the side of the packet, they're not for sale separately. You have to buy a pack of six.' He said, 'Look, I'm a diabetic, I can't eat a whole pack of six. I'll give you five pounds for one, it makes up for the cost of six even.' I said, 'I'd like to help out, but the law's the law.' He said, 'I'll give you ten quid for one Mini Magnum if you throw in the CD that's glued to the front of your Q magazine.' I said, 'That's for promotional purposes only.' He said, 'All right, 25 quid.' I said, 'Make it 27 and we've got a deal.' As soon as the money changed hands, a police car squealed around the corner. It was a honey trap!"

"Nan had to have her hand amputated. It was very sad, but the custom with sharia law. She was in the Tehran branch of Woolworths, at the pic'n'mix. They've still got it over there – it's a very backwards country. She was reaching for the choccy Brazils and they got her. Instead of going for a hook, she went for a bit of black plastic with a bit of metal sticking out the top and was able to while away the rest of her days redeeming pound coins from shopping trolleys."

"I find the best way to crush a garlic is just to call it a silly little onion!"

"My sister overdosed on Night Nurse and woke up a fully qualified nurse, but only at night!"

➔ **THE ABSOLUTELY** excellent thing about Nascar races is that – with preposterously powerful cars haring round an oval track at 200mph, each only six inches from the tail of the car in front – they can go sideways pretty blooming quickly.

And everything was going fine in this 189-lap Sprint Cup Series race at the Talladega Superspeedway in Alabama, until the final corner of the race, when race leader Tony Stewart (in car number 14) lost control, almost escaped down the exit road, but slewed back

in, triggering a pile-up that took out most of the field.

Amazingly, no one was injured. And fans enjoyed the best-case scenario: epic crash, zero casualties!

A quick word with... Adam Richman!

The *Man vs Food* chap on his latest serving of chow-down challenges!

➔ **ONE OF** the most surprising telly hits of 2012 has involved following a burly bloke around America as he takes on various food challenges. If there's a behemoth burger to be beaten, or an insanely hot chilli to be tackled, Adam Richman will be there. Now he's taking a break from the gargantuan grub-guzzling to explore how his fellow Yanks challenge each other in *Man vs Food Nation*. We caught up with the fun-loving foodie to find out about it...

Hi Adam! Has much changed with *Man vs Food*, or is it still you stuffing your face silly?

Ha! I did 59 challenges on the original show and people would say, "Man, you've got to see my dad eat – he's amazing!" I wanted to produce a show about the public and their relationship with food. I thought just watching me doing the same old sh*t, my public deserve better. So this is about other people taking on their food challenges!

What sort of challenges are people coming up with?

There's a great guy in North Carolina who has to eat a huge sandwich and if he

wins, he gets free food for a year. What makes it even funnier is the chef behind the challenge is from Newcastle – he presents me with this throwback Newcastle shirt! C'mon, the Toon!

Amazing! What do you make of British grub?

It's awesome! I still haven't tried a lot of regional foods though. I had a pasty but it wasn't from Cornwall so apparently that doesn't count.

What ingredients would be in your dream burger?

Burger patty, obviously, then bacon – really good, thick-cut peppered bacon – then tomato, onion, lettuce. A spiced kosher pickle. Ketchup, mayo, mustard and Sriracha [chilli] sauce.

Is there anything you won't eat?

So many things! I love Asian food but there's one thing called natto – a fermented bean paste – and it's disgusting. It's like someone chewed it up and spat it back at you. I hate canned seafood, too.

Have you ever turned down a challenge?

Yes, all the time, but never because of size alone. For instance, I got sent a picture of a sandwich which was the size of an American football,

but there was no art to it. Some restaurants open a bun, empty their refrigerator onto it and call it a challenge. That isn't a challenge. I like drama. In Oklahoma, this firefighter had to eat a whole pizza covered in the five hottest peppers on the planet. Now there you have a quality challenge!

Have you ever been tempted to cheat by stuffing a sausage down your pants, for example?

No, not ever! It would kill the point of it all. It's not about just winning the challenge, it is about taking it on to its fullest.

Could you ever go vegetarian?

Yeah, sure! When I come off the road from *Man vs Food* I go vegetarian for a few weeks to cleanse myself.

Can we have some advice on how to prepare for a pig-out?

Well, I make sure I'm empty. I drink gallons of water to carefully stretch my stomach out. The hardest part is you're shooting a 14-hour day, the first ten of which I'm banned from eating. I also do squats, back workouts and sprints.

Thanks, Adam! Finally, if you were on death row and had one final meal, what would it be?

Oh man! I'd probably go for an all-you-can-eat buffet – that way I could keep going and going. It'd be some time before they killed me. Ha-ha!

● The new series of *Man vs Food Nation* launches on the Food Network UK (Freeview 48 and Sky 262/263) on 15 October at 5.30pm and 9pm. Visit www.foodnetwork.co.uk for details.

£360k track special SLS AMG!

Mercedes treats itself for its 45th birthday!

- After launching the SLS AMG gullwinged supercar in 2010, Mercedes then decided to go racing with it, creating the SLS AMG GT3, available only to race teams. But then Mercedes' in-house tuning division AMG realised it had its 45th anniversary coming up and decided to celebrate by sticking this car in your local Merc showroom!
- Like Ferrari's ballistic track-only FXX and 599XX models, this is Merc's way of letting a number of customers (only five, to be specific) experience the race car that's already had 32 victories in the 2012 season.
- As successful as it is on the track, lucky owners will have to guess how powerful the 6.2 V8 is, because AMG is guarding performance figures closely. The naturally aspirated 6,208cc motor is thought to be fairly close in spec to its £168,425 road-legal brother, which does a great job of sounding angry and delivering 563 horses.
- But the GT3's trump card is its lightness and slipperiness. The gaping open front bumper forces air into the engine oil cooler and brakes. A huge gorge-like hole in the bonnet lets that 6.2 breathe fresher air. As a result, it'll hit 62mph in around 3.5 seconds and hit a top end of 180mph.
- It's broader and lower than the road car, with exhausts exiting just behind the front wheels. A severely unsubtle rear diffuser is only dwarfed by the huge rear wing. All in carbon fibre, for lightness.
- The interior has been stripped to the bare bones, with only a simple carbon dash and centre console, roll cage and a tiny

steering wheel. Whoever buys the car will have a race seat made specifically to fit them.

- As usual with AMG cars, one man carefully builds one engine and then signs his name on it. But in the case of the GT3, another bloke helps to install the motor – Bernd Schneider, who happens to be a five times DTM (German Touring Car) champion and FIA GT champ from 1997.
- Bernd helped to develop the race SLS, so will probably help set up each of the five GT3s – and show them how to drive it!
- You'll have to go to the AMG HQ in Affalterbach, Germany, to fetch your GT3 45th Anniversary (which costs £191,575 more than the normal SLS), but you'll get a VIP factory tour thrown in. And probably a nice lunch.

Bloke loses digit after fence foul-up!

UNLUCKY NUTS reader Dave Fisher returned from a recent trip to Ibiza with many memories, but one less finger. The 27-year-old Manchester chap's pinkie had to be given the chop after he suffered a nasty mishap on a fence.

Dave tells *Nuts*, "On the first night of the holiday, I got a leg up to speak to someone on the other side of a high fence. My ring must have got stuck on a spike, because when I dropped down, my finger didn't. My ring ripped all the flesh off my finger, leaving just the bone on my hand."

Unfortunately, overseas docs weren't able to reattach the finger, so it was lopped off back in Manchester.

"I'm back to work and adjusting to it, although I still get phantom pains where the finger used to be!" he adds.

I need some pulling tips!

I'm going to a work party and there's going to be loads of fit girls there. I'm pretty new to the company, so I want to know what I should wear. What look do girls like?

A smart, dark grey suit, white shirt and sober tie never fail. More importantly, bring your charisma. Ladies can't deny anyone who's charming, polite and naturally funny. Keep eye contact and look after her – if she feels safe with you she'll be more likely to invite you back for more. One-night stands can be a lot of fun but, realistically, no one wants a relationship in the workplace.

anything too nasty, please! The other side of bondage is that afterwards, you need to be even more loving and tender. Also, you need to

Rubber turns me to jelly!

I'm all for safe sex, but when I go to slip a condom on, I tend to go floppy downstairs! It's become a regular problem for me. How can I get over this affliction?

GAVIN Lincoln

I think the best solution might be for your partner to put the condom on for you. It'll keep you more turned on and gets away from the idea that the lady is just lying there waiting for a delivery of groceries. And if she pops it on for you, her face will, inevitably, be in close proximity to your winkie – I rest my case!

HAPPY 10TH BIRTHDAY TOP GEAR!

*Nuts looks back on ten years of
Clarkson & Co's finest moments!*

THE BEST RACES!

USA!

Route: Miami to New Orleans **When:** February 2007**The mission:** With Hammond in a 1991 Dodge Ram, Clarkson in a 1989 Chevrolet Camaro RS and May in a 1989 Cadillac Brougham, the challenge was to make the drive in their £600 bangers and then sell them for a profit.**Best moment:** By daubing rude phrases on their cars, the lads annoyed Alabama yokels and were pelted with rocks. They looked genuinely terrified!WORDS: RICH PELLEY
ILLUSTRATION: BILL MCCONKEY

IT'S BEEN ten years since the Beeb transformed a dusty banger of a car show into the spectacular Sunday night staple that we know and love. Back in 2002, with the franchise in danger of being sent to the scrapheap for good, Clarkson took it upon himself to relaunch *Top Gear* in a new format involving insane stunts, epic races, unashamedly bad haircuts and the odd car or two. It was an instant hit and has been on top form ever since. This is our rundown of some of the best – and most bonkers – moments over the last decade...

VIETNAM!

Route: Ho Chi Minh City to Ha Long City **When:** December 2008**The mission:** A bike race with Hammond on a 1991 125cc Minsk, Clarkson on a 1981 Piaggio Vespa and May on a 50cc Honda Super Cub. After turning the bikes into boats, May sank, Hammond's steering went and Clarkson claimed victory.**Best moment:** Clarkson giving Hammond a bright pink helmet was a lark, but JC got his comeuppance when he fell off his Vespa and broke two ribs. Ouch!

NORTH POLE!

Route: Resolute, Canada, to the North Pole **When:** July 2007**The mission:** Clarkson and May hopped in a 2007 Toyota Hilux and raced Hammond, who was on a dogsled, to the magnetic North Pole. They became the first people to reach the Pole in a motorcar. Hammond didn't make it.**Best moment:** Clarkson and May's Toyota falling through the ice was funny, although they got in bother when they were filmed enjoying a G&T at the wheel.

MIDDLE EAST!

Route: Northern Iraq to Bethlehem **When:** December 2010**The mission:** To follow the route of The Three Wise Men with Hammond in a 1996 Fiat Barchetta, Clarkson in a 2000 Mazda MX-5 and May in a 1998 BMW Z3. All three made it and left gifts for the baby Stig.**Best moment:** An insect bite caused Clarkson's arm to swell up, and May hit his head on a rock resulting in a festive trip to A&E!

INDIA!

Route: Mumbai to Delhi and into the Himalayas. **When:** December 2011**The mission:** Hammond, Clarkson and May raced across the country in a 2000 Mini Cooper, 1995 Jaguar XJS and 1975 Rolls-Royce Silver Shadow. The Indian High Commission said the episode was offensive and full of "toilet humour!"**Best moment:** Hammond shearing off the front of his Mini while winning May's Roller up a hill was a sight to behold!

Nuts vs Top Gear!

We've made Clarkson, Hammond and May do some pretty bonkers things ourselves over the years. Here are our finest moments **together!**

SHOOTING CARS WITH CLARKSON (2004) Forget clay-pigeon shooting. Just go to an enormous quarry and blast cars out of the sky with a grenade launcher!

NUTS MEETS THE STIG! (2005) The man in the white helmet wasn't the chattiest of characters, but he did drive around the *Top Gear* test track with *Nuts*!

THE STUNTS!

INSANE TRAIN CRASH!

One of the simplest, but most brutal, stunts of the last ten years involved a jaw-dropping meeting between a train and a people carrier – suspiciously left parked on a level crossing. The ensuing carnage was awesome and terrifying in equal measure!

NISSAN VS JET!

The plan was simple: take a deeply unpopular Nissan Sunny and pop it in the path of a big, eff-off jet engine capable of doing 0-200mph in 3.8 seconds. The result? It becomes a scorched smouldering wreck of a car, less Sunny, more Sunburnt!

CARAVAN CONKERS!

Top Gear reacted badly to news that kids playing conkers would be forced to wear goggles. Most normal folk wrote a letter to the local rag – Hammond and May set-up a pair of giant cranes and swung caravans at one another. Naturally!

HAMMOND'S SINKING CAR!

The Hamster might be a bit of a wally, but he does put himself on the line. To test how easy it is to escape from a sinking car he dunked himself in a pool of water and tried (unsuccessfully) to get out. The Grim Reaper must be following him on Twitter by now!

RACING THE HAMSTER! (2006) To mark Hammond's recovery from his dragster crash in 2006, *Nuts* raced Nutty, an actual hamster, around an actual F1 track.

ON YER BIKE, JEZZA! (2007) Who's fastest round Spain's Ascari Race Resort, Clarkson in a sports car or *Nuts* on a tiny bike? Fight! Well, race, actually.

CATCHING A LIFT! (2008) After a hard day racing supercars round the Ascari Race Resort, there was only one man to take us back to our hotel. Thanks, Jezza!

THE CONTROVERSY!

KATE MOSS!

For trying to sell her drugs!

Clarkson's defence: "It was years ago at a swanky celebrity party where I was feeling out of my depth. Somebody said to Kate Moss, 'This is Jeremy Clarkson, he does *Top Gear*' and I heard, 'Are you trying to sell us drugs?' It was a good joke when it did the rounds."

LORRY DRIVERS!

For suggesting they all murder prostitutes

Clarkson's defence: "I was actually in the middle of saying what a hard job lorry drivers have. Nobody seemed to worry about the wound I got from crashing the lorry. I suffered enough!"

GERMANS!

For doing a Nazi salute on *Top Gear* while talking about BMW

Clarkson's defence: "The man who complained was the boss of the company who made the Zyklon-B gas in WWII, which killed six million Jews. And he's got the front to complain about me making a joke about the satnav on a Mini."

THE (THEN) PRIME MINISTER!

For calling Gordon Brown a "one-eyed Scottish idiot"

Clarkson's defence: "If I thought I'd said something out of step with the majority of the country, I'd feel ashamed. I didn't."

BURKA WEARERS!

For saying he saw a woman wearing a G-string and stockings under hers

Clarkson's defence: "If you make a programme that is watched by eight million people and you upset four million, then you'd go, 'I've really cocked up here.' But when it's just some saddo in a loft, you haven't."

THE WELSH!

For remarking, "Are your robes made from sheep wool?" to some Welsh students

Clarkson's defence: "One day we'll do an episode of *Top Gear* when none of us speak. That's the only way the papers will have nothing to complain about."

TOP GEAR PUB AMMO!

Nuts girl Peta Todd is the second-fastest woman in the current Reasonably Priced Car, the Kia Cee'd, behind **Cameron Diaz**.

The Stig was originally going to be called The Gimp.

Top Gear won the International Emmy in 2005 for best non-scripted entertainment show, confirming its global status.

Clarkson joined "old" *Top Gear* in 1988, Hammond in 2002 (when *Top Gear* as we know it relaunched) and May in 2003.

The 747 behind the *Top Gear* Test track is a left-over prop from *Casino Royale*.

It'd take six days, three hours to watch every episode.

Ferrari refused to lend *Top Gear* an **Enzo**, so they borrowed one from Pink Floyd's drummer.

The *Top Gear* theme tune is played in *The Simpsons* when Bart learns to drive.

NUTS AWARDS! (2010) The chaps have been honoured by *Nuts* many times. "The TV ones are at the back, our *Nuts* awards are front and centre," said Hammond.

SCALEXTRIC DAY OUT! (2010) Despite many offers to race them round the track, the closest we've got was a Scalextric race. *Nuts* beat The Stig, by the way!

THE FIRST QUESTION BUCKET! (2011) Before the Question Bucket became a permanent *Nuts* fixture, we tried it out on Hammond and May.

WHEN DOGS WRECK STUFF!

These pesky pooches need to learn some manners!

SOFA SO BAD!

Here's a couple of guard dogs... guarding anyone from ever sleeping on the sofa-bed again!

PILLOW BITE!

Come on, when you can't get comfy, you move the pillows, chew on one, tear another. We've all done it.

TOILET TANTRUM!

Clearly the absence of opposable thumbs has led to the door being caved in. Well, if you need to go...

DOGGY BAG!

This is a hostage video. There's a cat off-screen who wants 100 saucers of milk or the canine gets it.

CANINE CALAMITIES

COUCH CRITTER!

"I couldn't find the remote. If you kept it on the table this wouldn't happen. See what you made me do?"

HIDING HOUND!

Meet the UK dog spy. He'll be dropped behind enemy lines from this. Achilles heel: a ball being chucked.

BONKERS BOXER!

The look of despair on his face, the wrecked chair... must have been a "ruff" day at the office. Sorry.

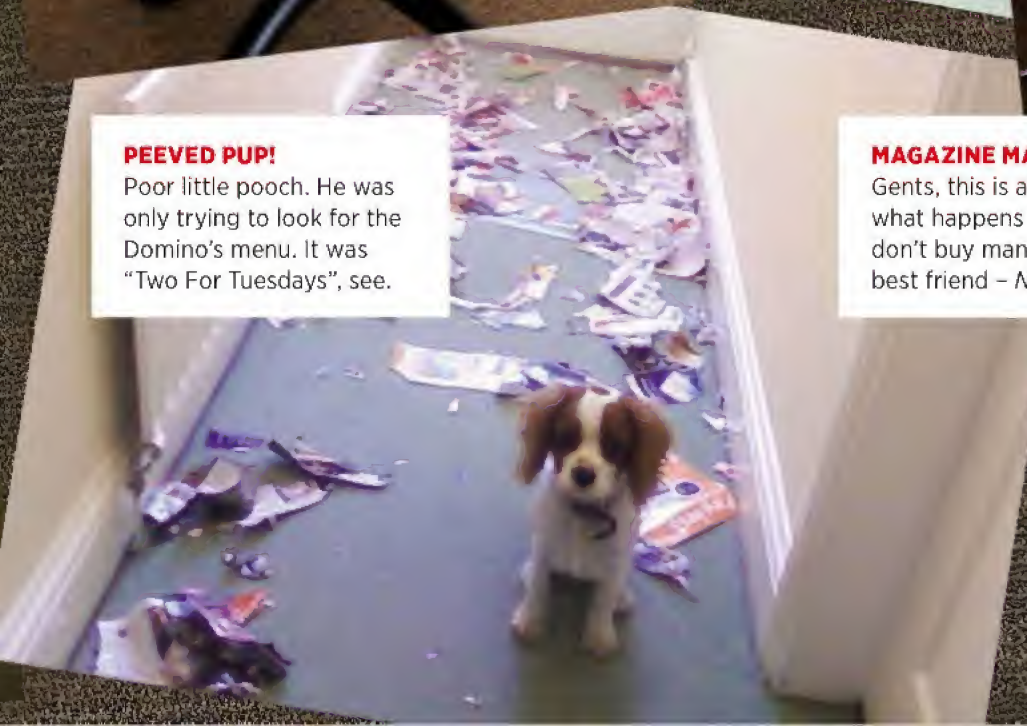

NAUGHTY CORGI!

The royal dogs are a high-brow bunch. This little guy loves reading – he literally devours books!

PEEVED PUP!

Poor little pooch. He was only trying to look for the Domino's menu. It was "Two For Tuesdays", see.

Secrets of Tokyo's Under

After years spent living among Japan's deadly Yakuza gangs, writer Robert Whiting tells *Nuts* his story...

Hello Robert. How did you become involved with Japanese gangs?

There are around 80,000 Yakuza [organised crime members] in Japan, so it's

not too hard to find yourself standing next to a member in a bar. That's what happened to me a few years ago. A Yakuza member and I started drinking together and because I'm American, he thought we were both outsiders in Japan. He then went outside and beat the sh*t out of a taxi driver who tried to charge us too much! He asked me to work as a translator for a hostess bar his gang were opening, which would be full of girls from Bangkok and Manila, and I had to be very delicate in saying no. We kept in touch anyway and that's where I got my inroad into speaking to members.

What sort of people are running the Tokyo underworld and who are the major players?

The new generation of Yakuza are very business savvy and have a lot of expertise in the financial markets. They deal a lot in the short-term loan business and have lots of very complex front companies set up to hide their real means of income, which are mainly prostitution, extortion and the sale of methamphetamine. However, the number-one guy is a 70-year-old named Kenichi Shinoda and he's totally different. He killed a rival gang leader in the '70s with a sword and has done two long prison terms. He's a very humble guy who still takes the train and eats noodles from street stands. But the respect for him is total and absolute, even though he's the total antithesis of the new generation of high-finance whizz kids.

Do you think Japanese gangland society is more violent and dangerous than in America?

I think it can be a lot more scary. I don't think you'd find many Mafia members in the States who'd be prepared to chop their own pinky finger off if they screwed up. This is something that gang members have to do and I met one guy who'd lost three fingers because of his mistakes. Some of the fights can be horrific. There was one Yakuza who got into a fight with a Chinese gang member. The Chinese guy took out a sword which was so sharp he sliced the Yakuza member's entire arm off and there wasn't even any blood!

Kenichi Shinoda (centre), Yakuza godfather

“The sword was so sharp it sliced his arm off!”

We all know about the “GoodFellas” gangster code of conduct. What kind of protocol is there in Japan?

Rules include the fact that you shouldn't have a steady woman. They say if you want a woman you should buy one. They also insist you don't use the drugs that you're selling, though lots of gang members ignore this. Also, anybody who becomes a rapist or a serial killer will be expelled and there are incidents of gang leaders actually helping the police to track down gang members who've exploited their power too much.

Is violence a last resort in Japanese gangs?

I think the difference is that gun laws are so strict in Japan – you can go to jail just for possessing a handgun – that they don't play nearly so much of a role in gang life as they would for the Mafia in Italy or the States. There's also a lot of self abuse. Most gang members die young of liver failure or diabetes because of their drug and alcohol use. I met one guy who became psychotic on meth in a bar and slashed his own face while screaming that he was human garbage.

Has the power of gangs in Japan waned recently, or is it more powerful than ever?

I think it's about the same. The high point was in the '60s when there were over 180,000 Yakuza. They still regularly

dump bodies in Tokyo Bay and they take people out into the mountains, tape them to a tree and let them die of exposure. They've been known to abduct the daughters of people who've got into trouble with them and turned them into meth addicts and hookers. It's a sinister scene but to eradicate it would be pretty much impossible.

Martin Scorsese's developing your stories into a series. How did that come about?

I spent a great afternoon with Martin talking about how he'd like to develop this into something for television or cinema. It's been a huge process since then, though, with lots of movie companies getting involved then pulling out. I think there's a strong chance production could begin next year. Making movies about the Yakuza can be dangerous though. There was a director called Juzo Itami who made a film portraying the Yakuza as morons. He apparently threw himself off a tower block to his death, but there are suspicions that he was “helped” by the Yakuza who considered his film to be a gross offence to their honour. **X**

HOLLY AND PALS

HOLLY & PALS'...

Very rude pics!

Feisty frolics with four fab fitties!

Holly Peers

Hi Holly! On a scale of one to ten, how rude are you finding today? Ten! As the day's gone on, we've got a bit carried away.

Who do you reckon's been the naughtiest on the shoot?
Emma Glover. I think she has a secret kinky side to her!

Have you ever dabbled in a bit of whipping or chains?
No, I'd rather be dominated than dominating.

Do you think *Fifty Shades Of Grey* has made women want to experiment more?
Definitely. If it's not something that a guy's into, I think it's quite hard to push those boundaries though.

Have you ever seen any celebrity sex tapes?
I've seen the Tulisa one but it wasn't really a sex video. She was just licking the top of his willy! I want to see the Kim Kardashian one because I really like her. She's hot.

Do you ever send sexy text messages?
It's not really my thing. Because the way the internet is now with Facebook and Twitter, it makes me wary.

What's the one thing you've never tried but might like to?
I'd like to make a sex tape but I'm too scared to do it in case it gets into the wrong hands.

What's a guaranteed turn-on?
Confidence is key. I don't mean arrogance, I just mean a man confident in his own skin.

Thanks, Holly! Finally, which part of the female body's often overlooked in the bedroom?
I like having my back played with and the back of my neck. Also, when a man kisses you behind the knees it's really nice. I know it sounds weird! ►

**“I want to
see Kim
Kardashian’s
sex tape.
She’s hot!”**

Rosie Jones

Hi Rosie! How rude is today's shoot for you?
So rude! It has all my favourite girls. We're so badly behaved together!

What's so rude about it?
The place is full of chains and whips. I've spanked Emma a lot, which is satisfying.

Who's the rudest girl there?
I think Holly's enjoying being the dominatrix who gets to whip all of us at the same time.

Has this inspired you to be ruder in the bedroom?
I've found a paddle that I quite like. It's really painful!

What's the best sex scene you've ever seen on film or TV?
I like the *Mr & Mrs Smith* sex scene. It's angry sex involving Brad Pitt and Angelina Jolie – it doesn't get much better!

Have you seen Tulisa's sex tape?
Oh yes! Whoever said Tulisa released it on purpose clearly hasn't seen it because you wouldn't want it out there.

What's a turn-on for you?
Someone who can be dominant but also sensitive. I do like a sexy back and a nice smile, too.

How can blokes become ruder in the bedroom without scaring their girlfriends?
Introduce things slowly. Tell her what turns you on and I'm sure she'll be happy to oblige.

What's your rudest outfit?
Ann Summers sent me lots of naughty outfits and I actually have a bit of an obsession with buying underwear.

Crikey! Finally then, which bit of the female body is often overlooked in the bedroom?
Women need their whole body touched and kissed – you'll soon figure out what she likes. Don't overlook any part! ►

**"I've spanked
Emma a lot,
which is
satisfying!"**

Nuts
India and Holly

India Reynolds

Hi India! Is this the rudest shoot you've ever done?

Hello! I think it is. There's loads of latex, bondage tape, killer heels, chains and blindfolds. Everyone's being feisty as well.

Who's been the rudest?

Rosie has been getting right into it. Maybe she's in an extra frisky mood or something, but she seems to be digging the latex more than anyone else!

What's the rudest thing you've ever seen on film or TV?

I saw the film *Magic Mike* recently and there's a scene where Channing Tatum does a striptease and grinds right across the floor!

Have you seen any sex tapes?

I saw Tulisa's tape. She needs to brush up on her skills because all the slapping about just isn't sexy. I've seen Kim Kardashian's as well and she looks pretty hot.

What's the one thing you've never tried but would like to?

I'd like to join the mile high club – but only in first class. There isn't enough room in the economy class toilets!

What's a real turn-on for you?

Someone who smells good because you can't beat that clean, freshly washed man smell – and it doesn't need to be really expensive aftershave.

How can blokes become ruder in the bedroom without scaring their girlfriends?

There's not much a bottle of wine and a drunken game of "truth or dare" can't fix!

Good advice! Finally, what's the rudest outfit you own?

I have an air hostess outfit and I do a great striptease to the Busted song *Air Hostess!* ►

**“I’d like to
join the mile
high club!”**

**“The latex has
turned Rosie into
a new person!”**

Emma Glover

Hi Emma! How have been enjoying the shoot?
This is the rudest shoot I've ever done. There's been loads of spanking. I've been spanked all day. I've got a heart-shaped paddle mark on my bottom!

Is that something you're normally into?

Blindfolds are OK but I wasn't really digging the whips, and Rosie was getting really into it when she was whipping me!

Would you say Rosie has been the naughtiest then?

I reckon Rosie's been the naughtiest on the shoot by far. Everyone thinks of her as this really innocent girl but she's not. When she put the latex on, it turned her into a new person. I reckon she has a latex fetish and goes to latex parties.

Do you reckon *Fifty Shades Of Grey* has made the women of the UK ruder than before?

Yeah, it's made the whole population dirtier. I've seen a lot of boys reading it on the train, too. I reckon we're a generation of rude people because of it and there'll be a *Fifty Shades Of Grey* baby boom. I think in nine months there'll be loads of babies called Christian or Anastasia!

Can you tell us a rude story?

When I was at uni, I'd gone into some pub toilets and could hear some serious heavy breathing from the cubicle next door to me. All of a sudden the cubicle walls collapsed and I was confronted by two girls going at it! That was really rude.

Thanks, Emma! Finally, what's the strangest thing you've been asked to do in the bedroom?

Luckily, my boyfriends have all been normal!

And Sylvester Stallone is excellent.

Featuring a man who can swallow a running jackhammer, and a woman with a really bendy spine!

Thursday 25 October

The world's worst electrician struck again

Hunted

BBC ONE/HD • 9pm

More of the moody thriller from the makers of, um, moody drama, *Spooks*. Dodgy tycoon Jack Turner (Patrick Malahide) needs to get hold of some quick money after bidding more for the dam than he can afford, leaving spy Sam Hunter (Aussie Melissa George) aiming to work out exactly how he plans to go about it.

★★★

They'd upped the hide and seek stakes considerably

NEW SERIES!

Hatfields & McCoy's

CHANNEL 5/HD • 9pm

Mini-series following the bitter battle between two families after the American Civil War. Kevin Costner and Bill Paxton take on the patriarchal roles of the families in a brilliant drama. If you like war, killing, more war and more killing, you'll love this.

★★★★★

"So, you're not my mixed doubles tennis partner?"

The Rum Diary

SKY MOVIES PREMIERE/HD • 10.30pm

Johnny Depp stars in the movie adaptation of the book as a stressed-out journo who relocates to Puerto Rico to work for the local paper. It's not long before he's getting fully into the sun-and-booze-soaked lifestyle and pursuing a beautiful female in the shapely form of Amber Heard.

MOVIES

"Mummy, what are you doing to Santa Claus?"

PARANORMAL ACTIVITY 4

17 October • 15

Featuring the odd use of an Xbox Kinect as a motion sensor to detect ghostly goings-on, and a regulation creepy child,

the found-footage juggernaut is back for a fourth stab at giving us the willies. Not literally. Well, you know what we mean! The webcam stream of a teenage girl freaked out by the weird kid who comes to live with her tells the spooky tale... ★★★★★

She was permanently blinded by the glare off his teeth

HIT AND RUN

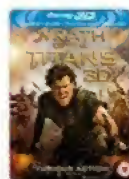

12 October • 15

Bradley Cooper loses his Hangover funnybone as the laughs dry up in a try-hard road-trip comedy. Also starring Kristen Bell. ★★

DVD & BLU-RAY

It was the last time he'd ask the crowd for a big hand

WRATH OF THE TITANS

DVD & Blu-ray • 12

After 2010's surprisingly entertaining CGI-fest *Clash Of The Titans* comes the not-as-good sequel. This

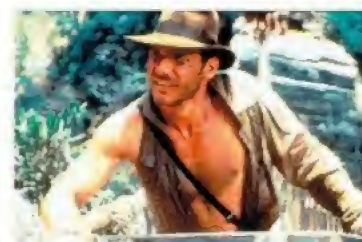

time Perseus (Sam Worthington with terrible hair) battles oodles of weird, ugly creatures from the Underworld in order to save his old man Zeus. Expect swords, sorcery and Rosamund Pike as a mumsy Queen Andromeda. Worth a watch though. ★★

ROCK OF AGES

DVD & Blu-ray • 12

Tom Cruise hams it up as a hair-metal rock-god in the story of a small-town girl who meets a big-city guy. Entertaining cheese! ★★

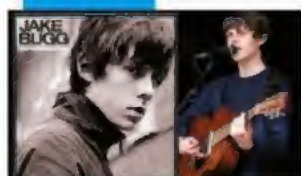

INDIANA JONES: THE COMPLETE ADVENTURES

DVD & Blu-ray • 12

The greatest ever adventure series, perfectly restored. Just ignore *The Crystal Skull*, eh? ★★★★★

MUSIC

JAKE BUGG

Another moody singer/songwriter billed as "the next big thing". Stick it on your iPod – it's a real grower. ★★★★★

SONIC BOOM SIX

A bonkers blend of punk, ska and hip-hop worthy of an outing at any house party that has the potential to get out of hand. ★★

METZ

The Toronto trio's debut is a big, ferocious dollop of rock guaranteed to get your blood pumping on these chilly autumn nights. ★★★★★

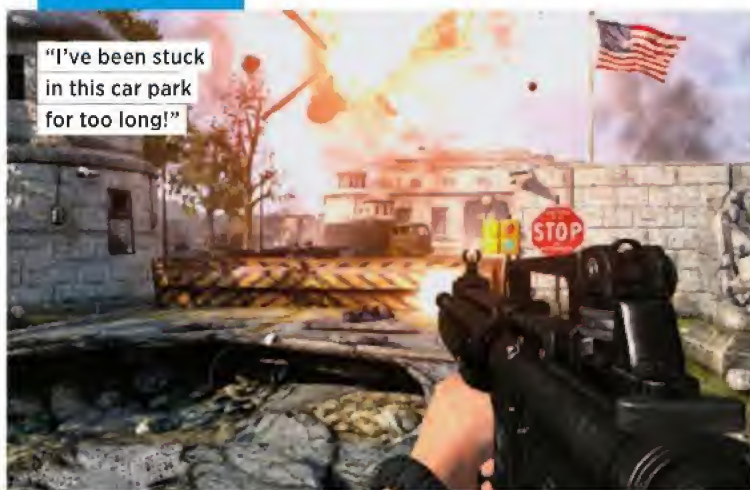

LEONA LEWIS GLASSHEART

Hit by *X Factor* fever? Or just want to please the missus? Then you could do worse than the third album from 2006's victor. ★★

RATINGS: ★★★★★ Genius ★★★★★ Very good
★★★★ Investigate ★★ Alright ★ Rubbish

GAMES

"I've been stuck in this car park for too long!"

JAMES BOND 007 LEGENDS

PC, PS3, Xbox 360

Gamey Bond greatest hits that throws you into

multiple scenes from a selection of classic 007 flicks. So you'll

play every single Bond across films from *Goldfinger* to *Skyfall* (which will be a free download). It's all very well put together and the shooting's serviceable, but the nature of the concept means it feels bitty and therefore struggles to engage. ★★★

DOOM 3 BFG EDITION

PS3, Xbox 360

Repackaged horror shooter from 2004, now with hours of new content, 3D options and nicely polished visuals. ★★★★★

DANCE CENTRAL 3

Xbox 360

More dancing. More moves. More songs. More post-pub humiliation that

seemed like a good idea at the time (needs Kinect). ★★★

APPS

BEER ROUND iOS

A few beers + a big round = certain forgetfulness. Solve the problem with an app that keeps track of who's drinking what and - vitally - whose round is next. Handy! ★★★★★

BAD PIGGIES iOS, Android

Follow-up to *Angry Birds* that's every bit as fun and addictive. This time you're building flying machines for the egg-swiping pigs. Awesome! ★★★★★

Ladies, got a saucy secret you can't keep to yourself? Send your sexy story to our Lou!

CONFESSION OF THE WEEK!

'His lab coat was bulging!'

I'M STUDYING chemistry at uni and recently I was made lab partners with a guy I fancied. We had to stay back after a lesson to finish our work and, as it was hot, I took my lab coat off. I noticed him staring at my cleavage and from the bulging under his lab coat, I knew he was turned on. I had to have him. I pushed him into the prep room, unzipped his trousers and took him deep inside me. Once I knew he was close, I began rubbing my clit to catch up and we both came together. I never knew science could be so much fun!

Krissy Newcastle

'We got hot in the office'

ME AND a younger guy from work have been talking filthy to each other

for about two months. Last Thursday, we kept saying what we could do to each other if we weren't at work, when our horniness got the better of us. We headed for an empty office next door and started kissing.

Soon I was playing with his manhood and him with my clit! We were getting really hot, and I was nearly coming, but anyone could have entered any time, so I had to stop him. We decided to finish what we had started in the car park after work. He said that was the best blow job he'd ever had, and the fact we could've been seen only added to the thrill!

Nicola via email

'I decided to de-stress him'

I DROVE my boyfriend to a job interview last month. We arrived early, so we parked around the corner. He looked so nervous, so I stroked his thigh. He leaned back in his seat and sighed, a noticeable bulge growing in his crotch. I didn't waste any time in undoing his neatly pressed trousers and began a slow, rhythmic mouth massage on his manhood to de-stress him. He moaned and stretched as I moved up and down, and it wasn't long before he delivered me his warm juices. Then he grinned, zipped up and headed off for his interview. When I picked him up later, he said, "I got the job!" The feedback they gave him was that he was the most relaxed and confident candidate! Result!

Jenna Bury

'The guys watched us'

MY PARENTS had gone away, so I invited a few mates over, including two girlfriends who, when we'd had a little too much to drink, I'd often get a bit intimate with. It had always stopped after a passionate snog, but this time my guy mates suggested we have a little more fun together and experiment. Being a little tipsy, us girls went up to the bedroom. We were nervous at first, but once we started kissing, the clothes began falling off and we ended up giving each other oral sex. I was the giver to both of my girlfriends and, by the sound of things, they thoroughly enjoyed it. Once we'd finished we looked towards the door and my guy mates were stood there in complete awe. I think they got a bit more than they bargained for!

10 RUDE QUESTIONS!

And a real girl to answer them!

Linzi

20 Glasgow

1 Where's the strangest place you've had sex?

"In a small and cramped boat. It got really hot and sweaty and we had to keep our heads down in case anyone on the pier saw us!"

2 What's your trademark move in the bedroom?

"I look sweet and innocent but I'm a bit of a tease! I like to let blokes sit back and watch me play with myself. Not so innocent, eh?"

3 What turns you on?

"Getting my body kissed the whole way down. Starting from my neck and then gentle kisses on my nipples. I have the world's most sensitive nipples!"

4 What's your favourite position?

"I love being on top so they can see my curves and hold my tiny waist. I also love being taken from behind and held down. I love feeling trapped!"

5 Is it better to give or receive?

"It's better to give! Seeing a man being pleased and enjoying it turns me on even more and makes me want to be even dirtier!"

6 What one thing would you really like to try but haven't yet?

"I haven't had a threesome. I think I'd really enjoy being pleased by two people at the same time. I get turned on just thinking about it!"

7 Ever got it on with another girl?

"I've only ever kissed a girl and had her feel me up. It gave me butterflies – being a girl, she already knew all the right places to touch me."

8 What's your favourite role-playing costume?

"I have a skimpy Miss Santa costume with stockings. If my boyfriend is a good boy, I might wear it for him!"

9 Have you ever made a sex tape?

RUGBY LEAGUE SHOCKER!

'I lost my testicle... but losing the match was worse!'

Nuts meets Warrington Wolves hardman Paul Wood, who played on despite a ruptured nut!

➔ **THERE WAS** a collective wince in the Nuts office when we heard about Warrington Wolves prop Paul Wood, who somehow managed to complete his full stint in the Super League Grand Final recently... with a ruptured testicle that subsequently had to be removed. Nuts meets the 31-year-old from Wigan whose mates are probably now calling him "Lefty"!

Hi Paul! So, tell us how this awful injury happened.

I was running with the ball and I made contact with a Leeds player whose knee was slightly raised. It was totally accidental. It was a split-second, a knee to the groin.

Did you have any idea that it was such a serious injury?

In rugby league you wear minimal padding and I've never worn a cup, so I've had quite a number of contacts to the testicle area. Normally you can shake it off after a couple

of moments. I was winded but after five minutes the pain was getting worse and the swelling was bigger, and I thought, "Hang on, something's wrong here."

You finished the game though!

Normally I start on the bench and play 20 minutes at the end of the half, 25 at the start of the second and then I come off. You have four prop forwards, two on the pitch at any one time. So I did my 20 minutes and then came off and said to the club doctors, "There's something up here." I played about 45 minutes.

Can you describe the pain you were in as you finished?

Well, it was worse than childbirth, that's what I was telling all the women in hospital! At first, I just felt winded but when that went I had really bad stomach pain. The testicles weren't sore. It felt like my testicle was in my stomach and the club doctors, when they'd had a look at it,

conferred and said they both thought it was ruptured because of the swelling. Testicles aren't a very solid organ – they can rupture easily if they get a blow. They scanned it in the hospital and removed it that night.

How did you feel about it?

To be honest, the doctors were great. I was like, if it needs to come out then so be it. I would have been more upset if both of them needed to come out. It hasn't affected me, I just started dancing around like Louie Spence and talking like him because I'm taking loads of testosterone! But you can function fully with one.

How are things "down there" at the moment?

It's very sore because they cut my ball-sack all the way round, but it's not unbearable.

What did it look like when the club doctors examined you?

The right testicle was about the size of a tennis ball so I knew something was up.

What have your team-mates said about it?

Well, rugby lads being rugby lads, I've had loads of mickey-taking about putting my balls on the line and going balls-out tonight, but they're sympathetic. Still doesn't stop them taking the p*ss.

And you were tweeting about it from hospital?

It got leaked on Twitter by news sources because we found out some journalists were outside the dressing room and twigged what was going on. And then it just escalated. I ended up just having a laugh with it. The amount of support that I got, not just from Warrington fans but from rugby league fans around the world, was really nice. It's been overwhelming, with a few jokes like, "It's absolutely nuts what you've been through" thrown in.

Will there be any effect on your sex life?

No, I've still got 12 inches – it's only one testicle that's come off! I've not tested it yet, but it'll be back in working order in a couple of weeks.

But you lost the Super League Grand Final. Which upset you more – the loss of the game or the loss of the testicle?

Losing the game was the main one for me. We've done loads and loads of work this season culminating in 80 minutes at Old Trafford to win the cup and we failed to do that. I was gutted, but we've had a successful season. We beat Leeds in the Challenge Cup final and came second in the league. Hopefully we'll go one better next year.

WHAT A BALLS-UP!

Poor Paul suffered double heartache as Warrington lost the Grand Final 26-18 to Leeds.

"Oh, please God,
not the other one!"

**HE'S OK
NOW!**

**You know that now you're
the global embodiment of
the rugby hardman?**

I've had loads of messages from people I used to play with, who are Down Under now, saying, "The papers here are saying you're the toughest athlete who's ever played the game of rugby!" That's nice, but there are plenty of lads who go out with painkilling injections. I'm not the only lad who's played through an injury.

**Have you had any contact
from Kallum Watkins, the
Leeds player with the
offending knee?**

I don't even know if he knows he did it. When you watch it though, it looks like nothing. Kallum has no reason to apologise to me – it's just one of those things!

TEMPERAMENT

"Full credit must go to his trainer Henry Cecil. As a two-year-old, Frankel was a tearaway. They managed to calm him and look at the results. It's no easy task training three quarters of a tonne of horse flesh, but Frankel has grown from a wild child into a man."

DURABILITY

"Many top racehorses are sent to stud aged three because their offspring are worth so much money, it's too risky to keep running them, but Frankel's raced on to the age of four and protected his crown by winning every race by even greater distances!"

The best racehorse ever!

As Frankel prepares for his very last race, John McCririck gives us the lowdown!

FRANKEL IS a wonder horse. To date, he's won all of his 13 races, amassing £2.2m in prize money. On Saturday he'll be running probably his last ever race, in the Qipco Champion Stakes at Ascot, before being sent off to stud. Needless to say, the lad's in for one hell of a retirement! John McCririck explains what makes him so special.

● QIPCO British Champions Day, 20 October, live from 1.30pm on BBC TV.*

SPEED

"Frankel has the most devastating turn of speed. You can see in a single second, he just tears off and breaks his competitors' hearts. Watch the way he won at Royal Ascot or York in the Juddmonte International and it's breathtaking."

PACEMAKER

"He has a pacemaker called Bullet Train, who is his half-brother. Each time, Bullet Train tries his heart out and then Frankel beats him with ease. If horses could speak, Bullet Train would be begging Frankel to let him win one!"

MCCRICK ON TV!

John began covering racing in 1981. He currently does the honours for Channel 4 Racing.

STAMINA

"Others have tried to blast off in front and just been reeled in. In horse racing, the accelerator usually gets past the early leader, but opponents can't get a glove on him. His jockey Tom Queally can just press 'go' as far out as he likes and they can't catch him."

FLEXIBILITY

"Any tactics used against him are futile. He won the 2,000 Guineas by eight lengths, even though he had to lead the whole way because no others could keep up. If you sit on his tail until the last furlong and try to attack him, you simply can't get past."

Five fab Frankel facts!

- Frankel eats 23 pounds of Canadian oats every day, the equivalent of about 600 Weetabix in roughage terms.
- Frankel was the first racehorse to have his own TV commercial.
- He is a size 7.5 shoe on his front hooves, and a 7.0 on the hind legs.
- He weighed 8 stone 11 pounds when he was born, the same weight as an average flat-racing jockey.
- There have been repeated attempts by Frankel's owners to house him in a bigger, better stable, but he always rejects the new homes and ends up being moved back to his original one.

BREEDING

"They knew this horse was pretty special from the off. The horse was sired by Galileo – a top Derby winner – from whom he inherits class and stamina, while his dam [mother] was Kind, a very talented sprinter. Frankel has it all."

STUD RIGHTS

"His stud value is almost as high as mine! He's worth a fortune, but there's no chance he's a greater lover than me! His offspring's combined worth will be at least £100m. It'll cost £100,000 for a roll in the hay with him!"

KAMMY!

He's the voice of the fans – and he's only in *Nuts*!

"Urgh, you kick it! It's got a big worm on it!"

'Give the kids time!'

England squad call-ups are coming too early!

➔ **I LOVE** seeing young talent in the England squad but I worry some of them are in there too soon. I really like Raheem Sterling – he's an exciting player and a real talent, but I worry he shouldn't be anywhere the England squad just yet. Chelsea's Ryan Bertrand is another one.

I'd love to see Sterling play for England for the next decade, but I feel he should develop with the

Under-21s first. I worry about the pressure on these young players, which we all know is over the top.

It's as though because they're able to get into the Liverpool and Chelsea teams for a few games, they deserve to be in the squad, yet in my opinion there are plenty of other players up and down the country who should be in first.

What has Everton's Leon Osman got to do to get a call-up? He's a key player in

a really good side yet never gets a look in. What about Nathan Dyer and Scott Sinclair. They had great seasons at Swansea last year? It seems, if you break through at the right club, you get noticed sooner.

England managers often only watch the biggest clubs – I remember Fabio Capello saying the only time he tried to watch Newcastle his plane got cancelled in the fog. Six million a year to just watch the top six!

"This Justin Bieber album's not a patch on his debut"

Lance case is a real shame

THE ONLY drug I ever took before a game was an aspirin and I think 95 per cent of the players I played with were absolutely clean.

Therefore, I find it amazing that, if cyclist Lance Armstrong is guilty, it's taken so long to find him out. It seems like it was a full-blown conspiracy involving all of his team-mates – who have now come clean – which should have been exposed years ago.

I think it's a great shame, at a time when British cyclists are the best in the world, that everyone will think all cyclists are doped, and that just isn't the case.

Johnson: 'It felt awkward not being in the City team'

The Sunderland midfielder on what players think of Tevez, Martin O'Neill's management skills and Mario Balotelli's hats!

Hi Adam! You've recently moved from champions

Man City to Sunderland. What prompted that then? City were champions but I wanted to play regularly – I'm a footballer, that's just what I do. At City, it felt awkward not being involved in a winning team. Some people will sit on the bench and take the money, but I'm not that sort of person. I wasn't brought up like that.

So what were you like as a kid? Good at football? Yeah, I was alright. When you're good at something it really helps you get mates. It's like anything, if you practise a lot at something you get good at it.

When you were at City, how did Carlos Tevez doing a runner last season affect you?

It was weird, but these things happen. The lads certainly didn't harbour any animosity toward him, and when he came back we welcomed him with open arms. You've got to remember, he's a brilliant player and a great lad.

What was it like playing with Mario Balotelli?

He's a brilliant fella, a proper character – and he always used to wear mad hats! In terms of football, he has the potential to be one of the world's best and I think he'll show it this season. But ultimately, it's up to him.

You're quite a high-profile footballer. Do you get lots of women coming up to you when you're out?

Well, I've got a girlfriend so I wouldn't really know about that!

But you must have seen stuff on nights out...

Well, some women like men in the limelight, so they're drawn to where players hang out. It's a status thing, isn't it?

Have you ever played the "Do you know who I am?" card to get into places?

Never, ever! No way would I do that. It just sounds ridiculous.

So, what's life like at Sunderland?

Fantastic. I'm really pleased to be here. They gave me the opportunity when I needed it. It's also great to be back in my home area. I grew up in the northeast.

What about Martin O'Neill? What kind of qualities does he have as a manager?

He's fantastic, especially when it comes to man-management – he's brilliant at that. He treats every player with respect and lets you know what he wants and expects off you. He looks after the tactics, too.

Would you ever contradict a manager?

No, they're the ones in charge. Even if you think what they're doing is wrong, you have to respect their decision. Being a manager is such a massive job and they're the ones who get the stick if it goes wrong, not the players.

So, you don't fancy being a football manager one day?

No, definitely not. I wouldn't mind doing a bit of coaching but I'm too easy-going to be a manager!

● Sunderland vs Newcastle is on Sky Sports 1/HD on Saturday at 1.30pm.
